106 DAYS OF **WAR** IN UKRAINE

over 1755 education facilities have been damaged, 184 destroyed completely by shelling
over 4,7 million of Ukrainians who fled to Europe and reside there at present
approx. 8 million of internally displaced people
217 children died, more than 391 were injured

Volunteer teachers try to prevent learning loss of schoolchildren who since months live in Kharkiv underground

Challenges

- ✕ inability to conduct a full-time studying
- ✕ massive internal displacement
- ✕ high number of students and educators fled abroad
- ✕ inability to carry out standard admission campaign for HEIs
- ✕ lack of sufficient data to conduct an effective decision-making process
- ✕ massive disruptions to HEIs staff and infrastructure

Solutions

- ✓ distance learning, development of the e-content, teacher's trainings, modernization of educational platforms, technical equipment of teachers and students
- ✓ e-services for effective management and communication of the process of temporary placement of teachers and students
- ✓ targeted support measure for Ukrainian students and staff in hosting countries
- ✓ new system for transparent eExams and eAdmission
- ✓ support of the Institute of Educational Analytics to continue sustainable collection, storage and usage of the education statistics, incl. on students and staff on 'undesirable outward mobility'
- ✓ development and sustaining of institutional capacity of Ukrainian universities
