Learned lessons,
obstacles and challenges

Mapping of digital recognition tools and recommendations

- * Synthesis of the reflections shared in the PLAs
- * Blueprint on guiding principles for digitalization of the recognition workflows
 - * Build on DigiReg project findings

Digitalization of a diploma supplement

- * Creating a work group of TPG B members (a call to be launched today)
- * Sharing opinions on the possibilities for standardizing the information presented in the DS and making the documents machine readable
